22 Months Barrel Aged

WINE ANALYSIS

0.6 g/100mL Titratable Acidity

3.95 pH

13.0% Alcohol

CURRENT & PAST SCORES

92 Points, *Robert Parker's The Wine Advocate*

"The 2013 Super Substance Cabernet Sauvignon Jack's Vineyard comes from Walla Walla and is a medium to full-bodied, concentrated release that has lots of cassis and black raspberry fruit intermixed with notions of iron, graphite, lavender and licorice. It still has a touch of oak to integrate, yet is already approachable due to its texture and purity. It should drink well for at least a decade."

VINEYARD

The vineyards we work with are farmed using the most up to date sustainable practices.

Jack's Vineyard: Stony, ancient riverbed, located on the floor of the Walla Walla Valley. Very cobbly, Freewater, loam-cobbles over gravel over sand, dried riverbed. In the rocky soils of this part of the valley, low vigor keeps flavors concentrated. Planted in 1999.

VINTAGE

The warmest vintage since 2003 cooled off just in time for harvest. The resulting wines were less likely to tip over into overripe favors or high alcohol levels, and picking proceeded at a normal pace. Total tonnage was up about 5 percent over 2012, a record for the state. 2013 made us thank Sweet Baby Jesus that our white wine vineyards are cool sites at higher elevation. The very warm vintage cooled down in mid-September allowing us to pick at the perfect moment in the first week of October. This gave us generous full favored wine while still keeping focus.
