85% New Barrique
22 Months Barrel Aged on Lees

WINE ANALYSIS

0.6 g/100mL Titratable Acidity
3.95 pH
15.0% Alcohol

CURRENT & PAST SCORES

98 Points, *Robert Parker's The Wine Advocate*

"Coming from miniscule yields on the order of 0.8 tons per acre and a blend of 39% Cabernet Sauvignon, 36% Merlot and 25% Cabernet Franc, the 2013 Super Substance Klein Vineyard offers classic graphite, dried earth, chocolate and ripe dark fruits to go with a full-bodied, beautifully concentrated, layered and complex profile on the palate. A wine that might flirt with perfection at maturity, give bottles 4-5 years of cellaring and enjoy over the following two decades."

VINEYARD

The vineyards we work with are farmed using the most up to date sustainable practices.

Klein Vineyard: This vineyard is located at the Southwestern end of the Walla Walla Valley. It's volcanic rock, with thin, wind-blown loess over basalt. The high elevation, 850 feet, means it doesn't freeze and is a fairly windy site. This vineyard produces low yields and powerful, unique wines.

VINTAGE

The warmest vintage since 2003 cooled off just in time for harvest. The resulting wines were less likely to tip over into overripe favors or high alcohol levels, and picking proceeded at a normal pace. Total tonnage was up about 5 percent over 2012, a record for the state. 2013 made us thank Sweet Baby Jesus that our white wine vineyards are cool sites at higher elevation. The very warm vintage cooled down in mid-September allowing us to pick at the perfect moment in the first week of October. This gave us generous full favored wine while still keeping focus.
